# Teacher Testimonials

"The website and the resources—INCREDIBLE INFO!"

"I truly enjoyed attending these Zoom sessions. Having a preschool-specific program was greatly appreciated. Too often my time has been wasted on PD's for broader age groups. I feel like I have actually come away with new ideas that I can use!"

"I am open to anything offered by this group in the future. This was one of the most positive professional development series I have ever attended."

"Being able to get hands on was far beyond my expectations and having materials to go back to my class."

"Very hands on, showing us not just what to use but how to use them in a meaningful way."
